Every family has been very thankful for your thoughtfulness and unconditional support to the foundation, and to all officers composing the ABC International for initiating such contribution.

We hope and pray that GOD would never stop and get tired for sending his blessing to you, your family, and to those who generously assist and sustained the aim and objectives of the foundation. We believed that your kindness, care, awareness, and grateful thoughts for the needy would be rewarded someday in any form he knows well.

May I take these opportunity to inform you that, presently we have (13 ) graduating students/scholars for the school year 2006 to 2007 (5) five in Elementary, (7) seven in High School, and (1) one college in Mater Salutis College Seminary in AB Philosophy. We will be sending soon some pictures of the graduates and details of the graduation ceremony before the end of the month of April.

Thank you, and may GOD Bless You the Best Health and Protection at all times!!!
